Cancel claims 15-19 inclusive.

REMARKS

The present amendment is responsive to the Official Action mailed July 25, 1996. Claims 1-6 and claims 20-21 were rejected under the judicially created doctrine of obviousness-type double patenting as unpatentable over claims in applicants' U.S. Patent 5,148,265. A terminal disclaimer pursuant to 37 CFR 1.321 referring to the '265 patent is transmitted herewith and it is, therefore, believed that this rejection has been overcome.

Claims 15-19 inclusive were rejected under 35 USC 102(b) on Lee et al. By the present amendment, these claims have been cancelled and accordingly, this rejection is believed overcome.

Claims 61-82 were rejected under the judicially created doctrine of obviousness-type double patenting based upon claims in applicants' U.S. Patent 5,148,266. A further terminal disclaimer pursuant to 37 CFR 1.321 referring to the '266
